SEMESTER-II

PAPER-IV FUNDAMENTALS OF TEACHER EDUCATION

Credits: 4 Total Marks: 100 Theory: 70

Sessional Work: 30

Instructions for the Paper Setters:-

Eight questions of equal marks (Specified in the syllabus) are to be set, two in each of the four Sections (A-D). Questions may be subdivided into parts (not exceeding four). Candidates are required to attempt five questions, selecting at least one question from each Section. The fifth question may be attempted from any Section.

Note: The paper setter may set each question in 2/4 parts (with split up of marks totaling to 14) to ensure maximum representation of the syllabus.

Course Objectives:

On completion of this course the students will be able to:

- Understand the objectives of NCF (2005) and NCFTE (2009).
- Familiarize with different modes of pre service teacher education.
- Gain insight into the transactional approaches for foundational and developmental courses.
- Know the different modes of in service teacher education
- Evaluate various components of a pre-service and in-service teacher education programs

SECTION-A

Structure and Modes of Pre-service Teacher Education

- a) Pre-service teacher education concept, nature, objectives, vision and structure, w.r.t. NCF (2005), NCFTE (2009)
- b) Student teacher as an adult learner characteristics. Concept of andragogy and its principles.
- c) Modes of pre-service teacher education face-to-face (linear and integrated), distance and online relative merits and limitations

SECTION-B

Organization of Different Components of Teacher Education Curriculum

- a) Transactional approaches for the foundation courses Expository, Participatory,
 Collaborative, Peer Coaching, and Inquiry. Scope and possibilities for organization and evaluation
- b) Transactional approaches for the skill and competency development courses need for awareness-modeling-analysis-practice-feedback cycle scope and possibilities for organization and evaluation practicum records and portfolio assessment
- c) Concept and scope of school based practicum and internship the existing practices, their nature, objectives, organization and duration. Activities and experiences in pre-internship, internship and post-internship

SECTION-C

In-service Teacher Education in India – Concept, Structure and Modes

- a) Concept, need for continuing professional development of a teacher areas of professional development. Purpose of an in-service teacher education programme orientation, refresher, workshop, seminar and conference their meaning and objectives
- b) The structure for in-service teacher education district, state, regional and national level agencies and institutions.
- c) Modes of in-service teacher education: Modes of in-service teacher education face-to-face, distance mode, online and mixed mode. induction, one shot, recurrent, cascade, multi-site, school based and course work scope, merits and limitations of each of them

SECTION-D

Planning, Organising and Evaluating an In-service Teacher Education

- a) Designing an in-service teacher education programme steps and guidelines assessment of training needs, formulation of training curriculum, preparation of course material
- b) Organizing an in-service teacher education programme common problems faced by a teacher educator and guidelines for communication, arrangement, preparation, facilitating participation and collecting feedback and evaluation.
- c) Qualities and characteristics of an effective in-service teacher educator

SEMESTER-II

PAPER-V

STAGE SPECIFIC INTERNSHIP IN TEACHER EDUCATION INSTITUTION (ELEMENTARY/SECONDARY AND SENIOR SECONDARY STAGE)

Credits: 4 Marks: 100 (Sessional)
Duration: 4 weeks

- Internship of 4 weeks in a teacher Education institute relevant to the area of specialization (Elementary / Secondary / Senior Secondary) is compulsory.
- Interns will be evaluated at institution level by the teacher educator. The distribution of 100 marks of internship will be as under:

a) Performance in teaching B.Ed. Classes	20
b) Performance in 2 demonstration lessons.	20
c) Preparation of 10 lessons plans (5 composite + 5 based on different models)	
in school subjects.	20
d) Preparation of a Question paper/ Rating scale.	10
e) Resources used during teaching program. (Aids/Innovations)	10
f) Observation/Reflection of at least 10 lessons delivered by peer group.	10
g) Field report based on the area of specialization.	10

The Sessional Work will be evaluated by the supervisor and principal of institution where internship is being organised co-ordinated by Principal of the College/Head of the Department where student is studying. The student will also seek a certificate from the Principal of the Institution where internship is being organized counter signed by the supervisor and Principal of the College/Head of the Department.

- The records be retain for at least three years in the institution.
- In case of any aberration or any complaint the university / external agency is authorized to review the internal awards.

SEMESTER-II

PAPER-VI DISSERTATION (Formulation of Synopsis)

Credits: 2 Marks: 50 (25 Internal & 25 External)

Every candidate shall submit the synopsis on an educational problem under the guidance of supervisor from the college at the end of semester II up to 30th April. This must be finalized in inhouse interaction meet of the research committee (at least three members) formulated in the College by the Principal. For internal evaluation a committee of three members (supervisor, HOD and a senior faculty nominated by the principal) will be constituted. The synopsis will be externally evaluated by the members of the Board of Studies constituted by Guru Nanak Dev University, Amritsar.

SEMESTER-III

PAPER-I Course Title: ADVANCED EDUCATIONAL RESEARCH METHODOLOGY

Credits: 4 Total Marks: 100
Time: 3 Hrs. Theory: 70
Sessional Work: 30

Instructions for the Paper Setters:-

- The syllabus consists of four units. Unit I, II, III, IV.
- The question paper will consist of five units. Unit I, II, III, IV, and V.
- In unit I, II, III and IV, there will be two questions from each unit of the syllabus (unit I-IV). The students will have to attempt total five (5) questions, selecting atleast one question from each unit. Each question carries 10 marks.
- Unit V will be compulsory. It will consist of four short answer type questions. There will be one question from each unit of the syllabus (unit I-IV). Each question carries 05 marks.

Course Objectives:-

On completion of this course the students will be able to:

- Understand the different research methodologies.
- Gain insight and reflect upon various issues and problems of educational research.
- Use different statistical techniques for analysis of data.

UNIT-I

- 1. **Experimental Research:** Nature of experimental research, Variables in experimental research independent, dependent and confounding variables; ways to manipulate an independent variable, purpose and methods of control of confounding variables
 - Experimental Research designs: Single-Group Pretest Posttest Design, Pretest Posttest Control-Group Design, Posttest only Control-Group Design, and Factorial Design
 - Quasi-Experimental Designs: Nonequivalent Comparison Group Design, and Time-Series Design
 - Internal and external validity of results in experimental research
- 2. Steps in Non- Experimental Research; Simple cases of Casual-Comparative and Correlational research; necessary conditions for causation
 - Techniques of control: matching, holding the extraneous variable constant and statistical control
- 3. **Classification by Time:** Cross-sectional, Longitudinal (Trend and Panel studies), and Retrospective; and classification by research objectives-Descriptive, Predictive and Explanatory.

UNIT-II

- 1. **Qualitative Research:** Meaning, Steps and Characteristics; Qualitative research approaches-Phenomenology, Ethnography, Case studies and Grounded theory-characteristics, types, data collection, analysis and report writing
- 2. Historical Research-Meaning, Significance, Steps, Primary and Secondary Sources of Information, External and Internal Criticism of the Source.
- 3. Mixed Research-Meaning, Fundamentals Principles, Strength and Weaknesses, Types and, Limitations.

UNIT-III

- 1. Estimation of a Parameter-Concept of parameter and statistics, sampling error, sampling distribution, Standard Error of Mean .Levels of Significance, testing the Significance of difference between the following statistics for independent and correlated samples: Proportions, Means (including small samples), Variances.
- 2. Analysis of variance and Co-variance (ANOVA and ANCOVA)-concept, assumptions and uses.
- 3. Analysis of Frequencies using Chi-square-Chi-square as test of goodness of fit and test of independence, contingency coefficient and its uses

UNIT-IV

- 1. Non-Parametric statistics: assumptions and uses of sign test, rank test and median test.
- 2. Data Analysis in Qualitative and Mixed Research: Memoing, Analysis of visual data, segmenting coding and developing category systems; Enumeration, identifying relationships among categories, constructing diagrams, corroborating and validating results.
- 3. Use of Computer for Data Analysis- Knowledge of Software for Statistical Analysis such as SPSS, EXCEL, N6 etc for graphical presentations, parametric statistics and non-parametric statistics

Sessional Work Marks: 30

SEMESTER-III

PAPER-II Course Title: TRENDS IN TEACHER EDUCATION

Credits: 4 Total Marks: 100
Time: 3 Hrs. Theory: 70
Sessional Work: 30

Instructions for the Paper Setters:-

- The syllabus consists of four units. Unit I, II, III, IV.
- The question paper will consist of five units. Unit I, II, III, IV, and V.
- In unit I, II, III and IV, there will be two questions from each unit of the syllabus (unit I-IV). The students will have to attempt total five (5) questions, selecting atleast one question from each unit. Each question carries 10 marks.
- Unit V will be compulsory. It will consist of four short answer type questions. There will be one question from each unit of the syllabus (unit I-IV). Each question carries 05 marks.

Course Objectives:-

On Completion of this course the students will be able to:

- Gain insight and reflect on policies of teacher education
- Acquainted with the structure and management of teacher education curriculum, infrastructure and resources needed, and the issues and problems related to teacher preparation
- Understand and appreciate the research perspective on various practices in teacher education.
- Develop professional attitudes, values and interests needed to function as a teacher educator
- Develop understanding of various avenues of teacher's professional development
- Reflect on the issues, problems and concerns in teacher education.

UNIT-I

Perspectives and Policy on Teacher Education

- a) Teacher Development Concept, Factors influencing teacher development personal, contextual.
- b) Approaches to teacher development self-directed development, cooperative or collegial development, change-oriented staff development.
- c) National and state policies on teacher education a review

UNIT-II

Structure and Management of Teacher Education

- a) Structure of teacher education system in India its merits and limitations
- b) Professional development of teachers and teacher educators present practices and avenues
- c) Systemic factors influencing the quality of pre and in-service education of secondary school teachers

UNIT-III

Research in Teacher Education

- a) Paradigms for research on teaching Gage, Doyle and Shulman.
- b) Methodological issues of research in teacher education direct versus indirect, laboratory versus field research, scope and limitations of classroom observation
- c) Trends of research in teacher education review of a few recent research studies in teacher education with reference design, findings and policy implications

UNIT-IV

Problems and Issues in Teacher Education

- a) Challenges in professional development of teachers relevance to school education, assurance of quality of teacher education programmes,
- b) Issues related to enhancing teacher competence, commitment and teacher performance
- c) Partnerships in secondary teacher education TEI with school and community, Government Agencies, with NGOs, between teacher education institutions preparing teachers for different levels of school education

Sessional Work Marks: 30

- A review of researches in any one area of research in teacher education and write the policy implications
- A review of a research article in teacher education and write implications for Practitioner

SEMESTER-III

PAPER-III Course Title: CURRICULUM STUDIES

Credits: 4 Total Marks: 100 Time: 3 Hrs. Theory: 70

Sessional Work: 30

Instructions for the Paper Setters:-

- The syllabus consists of four units. Unit I, II, III, IV.
- The question paper will consist of five units. Unit I, II, III, IV, and V.
- In unit I, II, III and IV, there will be two questions from each unit of the syllabus (unit I-IV). The students will have to attempt total five (5) questions, selecting at least one question from each unit. Each question carries 10 marks.
- Unit V will be compulsory. It will consist of four short answer type questions. There will be one question from each unit of the syllabus (unit I-IV). Each question carries 05 marks.

Course Objectives

On completion of this course the students will be able to:

- Understand the meaning of Curriculum.
- Gain insight into various determinants of curricula
- Conceptualize the knowledge in designing curricula
- Develop the different skills related with different subjects.

UNIT-I

An Introduction to Curriculum

- a) History of Curriculum Development
- b) Concept and Components of curriculum, Aims and Principles of Curriculum Construction
- c) Determinants of Curriculum

UNIT-II

Knowledge and Designing the School Curriculum

- a) Distinguish between knowledge and information, knowledge as construction of meaning and critical thinking (drawing upon the development of critical theory). exploring the nature of different kinds of knowledge: disciplinary and pedagogical, knowledge of educational contexts, goals and aims within historical and contemporary contexts,
- b) Knowledge of learners; selection of knowledge in designing curricula; implications of different kinds of knowledge for teaching and ways of helping all students to learn.

UNIT-III

Secondary and Senior Secondary School Curriculum: Language and Social Sciences

- a) Language Curriculum: focus on language proficiency and communication skills such as listening, speaking, reading and writing in varying contexts and content with reference to metalinguistic awareness.
- b) Social Science Curriculum: Focus on conceptual understanding of different areas of social science like Geography, History, Civics, Economics etc. at Secondary and Senior Secondary stage.

UNIT-IV

Secondary and Senior Secondary School Curriculum: Science and Mathematics

- a) Science as a composite discipline focusing on experiments /use of ICT and problem solving at secondary and senior secondary stage.
- b) Understanding and teaching mathematics for developing problem solving skills and analytical abilities at secondary and senior secondary stage.

Sessional work Marks: 30
